EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Response to Arguments

Applicant's arguments, see arguments (page 4 paragraph 2), filed 9/9/2005, with respect to claims 2 and have been fully considered and are persuasive. The 35 USC 102 rejection of claim 4 has been withdrawn. The 35 USC 112 rejection of claim 5 has also been withdrawn (arguments page 5 paragraphs 2-4). Additionally, the IDS of 9/14/2004 has been fully completed and included.

The following is an examiner's statement of reasons for allowance: The instant application is deemed to be directed to an unobvious improvement to the invention of Goetzel et al. (U.S. Patent 2,749,029). The improvement comprises making the blade root, made of a second metallic material of a titanium alloy or an aluminide alloy, of a second density that is lower than the density of the airfoil, made of CrNi steel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
